

# Report of the Assistant District Superintendent

---

It has been my pleasure to serve as the Assistant District Superintendent this past year. Working alongside Dr. Jennings has reinforced my understanding of his heart for the churches in Western NY District as well as their pastors. My responsibilities included the following:

- Leading the DBMD
- Overseeing District Building projects
- Working with churches regarding building concerns brought to the district
- Serving on the DBA
- Providing counsel and care to pastors
- Assisting the DS as requested

Respectfully submitted,

Dan Jones
