

Assistant Pastor

Hess Road Wesleyan Church is seeking to hire a full-time assistant minister.

Our church is located in rural northeast Niagara County in western NY. Drawing people from several local villages and hamlets, we average about 150 people (in person) for our Sunday morning worship service. We also have a strong Wednesday night children's ministry. As we approach our 150th anniversary, we are eager to see God move in fresh ways among our church family and community.

At present, we are seeking to add a full-time minister by casting a wide net. Rather than narrowly searching for a specific skill set, we are focused on finding the right kind of person for our ministry context and the right fit for our team. This person would have distinct spiritual gifts from our current ministry staff which would enhance our overall ministry. Over time, as we collectively discern, identify, and develop their gifts in correlation with our local church needs, they would come to specialize in one or two key areas of ministry (Possible areas include children's ministry, music ministry, digital ministry, small group ministry, outreach ministry, and/or youth ministry).

Our Pastor, Matthew Rose, has served on staff since 2003 and as Lead Pastor since 2019. The congregation is unified and is currently experiencing a fifth consecutive year of growth. If you are a believer in Christ, growing in your discipleship, and have a sense of calling to vocational ministry, we would love to hear from you!
